

Dear David,

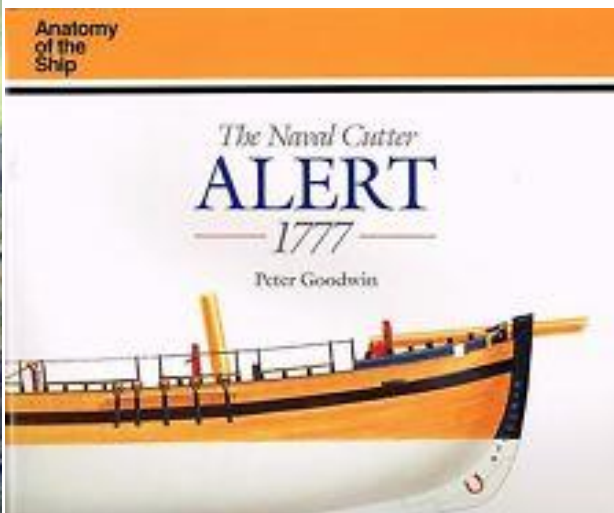

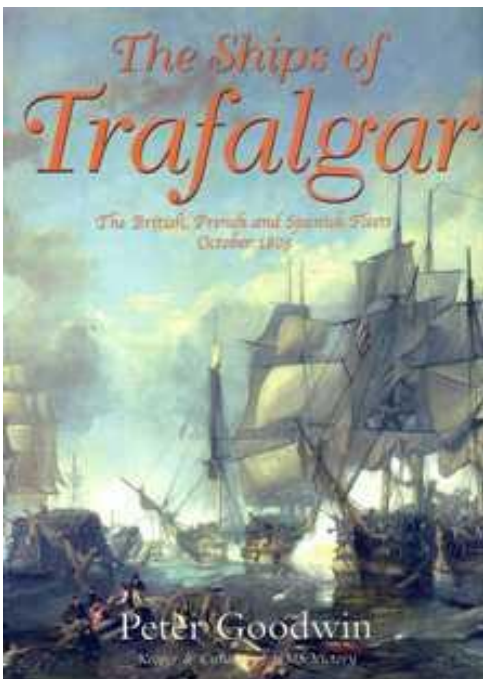

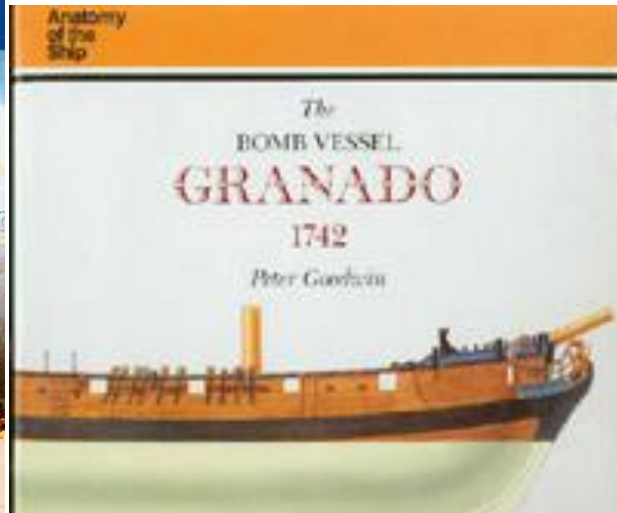

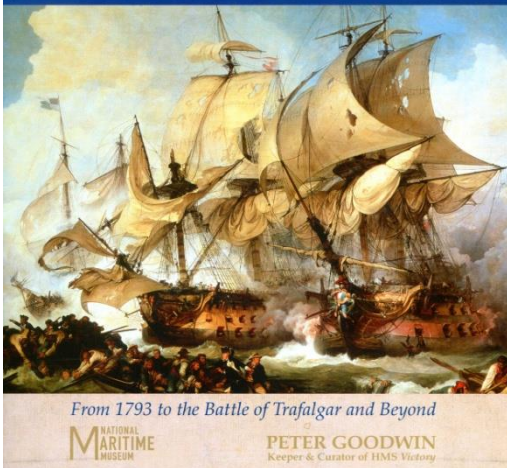

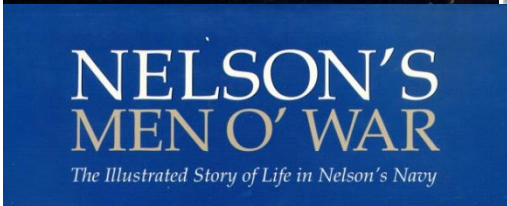

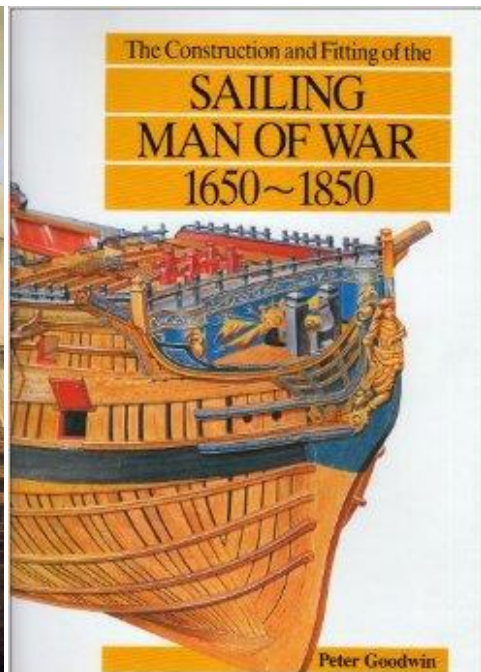

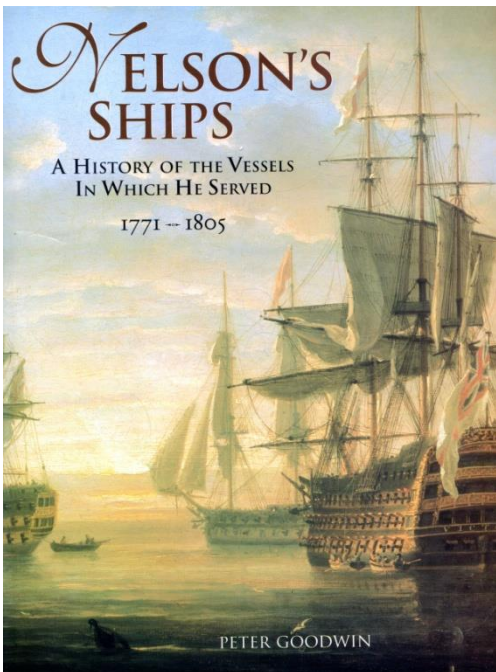

Although an ex submariner Tiffy in your association I have been a researcher and published author for quite a number years most subjects being naval history with a bent towards the more technical aspects and construction. Outside the submarine world I did spend 20 years in the post of Keeper and Curator of HMS Victory.

My recent publication relating to A class submarine *Alliance* may be of particular interest and would appreciate it being advertised in your newsletter. Published under the well known Haynes Manuals title it the book is titled;

Royal Navy Submarine 1945 - 1973 A Class HMS Alliance Owners' Workshop Manual: an insight into the design, construction, operation and restoration of a Cold War diesel-electric submarine. RRP. 22.99

Furthermore I have just been contracted to write another submarine type title. Some other book titles I have published are as follows;

Should you need further details from Haynes please contact my editor Jonathan Falconer at jfalconer@haynes.co.uk,

Also of interest - Haynes have also published a similar book on the MK VII c U Boat

Yours Aye Peter Goodwin
